ICCAS2004 will be held at the Shangri-La Hotel in Bangkok, Thailand on August 25-27, 2004. The conference will bring together researchers, engineers, practitioners and professionals to present the novel accomplishments, innovations and future directions in control, automation, systems and their applications. All submitted papers must be written and presented in English. All aspects of innovative theory and application aspects of control, automation and systems are welcomed. Relevant topics include:

- Control Theory and Applications
- Control Devices and Instruments
- Sensors and Signal Processing
- Linear and Nonlinear Control
- Intelligent and AI Based Control
- Adaptive and Learning Control Systems
- Robotics Engineering Systems
- Manufacturing Control Systems
- Biometrics and Biomedical Engineering Systems
- Information and Networking Systems
- Communications Control Systems
- Process Control and Instrumentation
- Fuzzy and Neural Systems
- Modeling of Complex Systems
- Real-time Systems Control
- Multimedia Systems
- Motion Control Systems
- Agricultural and Industrial Control Applications

Regular Paper Submission

Authors are invited to submit an extended abstract of 1000-1200 words in English to <http://www.kmitl.ac.th/iccas04/>. If authors have problems in submission through the homepage, please feel free to contact the secretariats.
