Measures to Prevent the Spread of COVID-19: Issue 9

(Active Regulations for Instruction Processes Under the COVID-19 Epidemic Situation)

According to the present continuous critical COVID-19 epidemic situation, to let the instructors and personnel of KMITL practically survive from the risky virus infection and to make the instruction and evaluation processes for the 2/2019 semester effectively progress, the active regulations for the instruction processes under COVID-19 epidemic situation shall be announced as follows:

1.The statement of the item 1.1 of the Important Announcement of KMITL on the Measures to Prevent the Spread of COVID-19: Issue 8, announced on 12 March, 2020, shall be canceled and the following statement shall be officially announced instead as follows; Actual in-class instruction shall be finished within Sunday 22 March 2020 only, in case of extra additional classes, the online classes shall be processed.

2.The statement of the item 3 of the Important Announcement of KMITL on the Measures to Prevent the Spread of COVID-19: Issue 8, announced on 12 March, 2020, shall be canceled and the following statement shall be officially announced instead as follows; The instructors shall process the classes by themselves and may consider the proper instruction and evaluation processes. Such proper processes can be done through the pattern of report or assignment or other suitable forms. However, the learners must gain complete achievement of knowledge as usual.

Practically, For the manual of the exceptional online classes, the instructors can visit the website of the Computer Service Center at www.csc.kmitl.ac.th or call 02-329-8000 ext. 6000, Or contact Online Teaching and Learning Service, Line: @KMITL_OTS.

Announced on 12 March, 2020

Prof.Dr. Suchatvee Suwansawat

President of KMITL...
